

BEMAN LUDWIG NEW HIGH SCHOOL PRINCIPAL

DEATH TAKES
E. H. CAMPBELL,
DAIRY OWNER

Andalusia Co. President
Succumbs Here After
Long Illness

KNOWN AS BREEDER
OF BELGIAN HORSES

Served Ohio Fair Board;
Active In Farm, Dairy
Industries

Edwin H. Campbell, 73, president
of the Andalusia Dairy Co., and a
well-known raiser of Belgian draft
horses, died at 2:20 a. m. today in
the Central clinic after a long ill-
ness.

Mr. Campbell was greatly inter-
ested in the farm and dairy indus-
tries in this section of the state.
He served several terms as a mem-
ber of the Ohio State fair board,
presiding at many sessions of the
organization.

Born June 15, 1868, he was the
son of William and Margaret S.
Campbell of Midway, Pa. He came
to Salem in 1901 at the invitation
of the late J. Twing Brooks to man-
age the Andalusia dairy, then sit-
uated on the Brooks farm No. 1.

Enlarges Business

Later, Mr. Campbell became in-
terested in enlarging the business
and the present creamery was built
on S. Ellsworth ave. From this small
beginning the firm today includes
a plant at Beaver Falls, Pa., and
the Supreme Dairy Co. at Alliance.

He devoted much of his 40 years
as a Salem resident to the farm
and dairy industry. His pure-bred
Belgian horses at his farm on the
Damascus road have been admired
by many. He was a director of the
Belgian Draft Horse Corp. of Amer-
ica, a charter member of the Ohio
Dairy Products association, and a
director of the Ice Cream Co. of
Cleveland.

He was a member of the Presby-
terian church.

Survivors

Surviving are his wife, Sara P.
Campbell; a daughter, Mrs. E. Mur-
phy Senior of Damariscotta, Me.,
one son, Frederic M. Campbell of
this city, three grandchildren, Sally
and Robert Campbell and Mary
Adams; one brother, John S.
Campbell of Monongahela, Pa.,
and two sisters, Mrs. James Mc-
Cluskey of Burgettstown, Pa., and
Mrs. Cora McDowell of Pasadena,
Calif. Miss Alice Gladden of Salem
is a niece.

The funeral service will be held
at the home at 2:30 p. m. Thursday.
The place of burial was not an-
nounced.

Friends may call at the home
Wednesday afternoon and evening.

LEGION PLANNING
DRUM CORPS EVENT

Tentative plans for a professional
drum corps competition and ex-
hibition here in the near future
were formulated last night by mem-
bers of Charles H. Carey post,
American Legion.

Robert McFarland of Alliance,
state chairman of the American
Legion's uniformed groups, was
present to outline plans for the
event which will be held primarily
for the benefit of the public.

Dog Gets School Diploma, Too

For six weeks, Jerry, pet dog of Harry Witzel, Jr., accompanied his master to summer school at Verona, Pa. Jerry sat behind his master's desk, did not emit one bark during the entire period. It wasn't so unusual then, on graduation day, for Jerry to get a diploma, too. Harry is holding Jerry's diploma for the dog, above.

Highway Trucks
Haul Aluminum To
Youngstown Bins

Salem's contribution of 2,200
pounds of defense-vital alumi-
num has helped swell the total
state contribution to 500,000
pounds. Some communities
have not yet reported, a pre-
liminary state survey showed today.

State highway department
trucks today hauled to Young-
stown the pots and pans and
other metal articles which had
been dumped into the city bin
near the waterworks station.
Youngstown, Warren and Sa-
lem amassed a pool of 33,684
pounds, state officials dis-
closed.

Cleveland's unofficial contri-
bution totaled 92,523 pounds
in the July 21-29 drive. Six
counties in the area supplied
252,125 pounds. Toledoans to-
ssed in 30,000 pounds and Day-
ton 20,000.

Unofficial estimates placed
Akron's harvest above 100,000
pounds, while Cincinnati's drive
netted an estimated 50,000 to
60,000 pounds. Columbus and
Franklin county contributed
about 10 tons.

Among the few smaller coun-
ties reporting were: Scioto
8,500 pounds, Pickaway 675,
Ross 3,750, Fairfield, 2,600,
Hocking 740, Lawrence 2,270,
Fayette 895 and Marion 1,040.

FORMER TOWNSHIP
TRUSTEE SUCCUMBS

LISBON, Aug. 5.—Evan B. Adams,
68, died at 5:30 p. m. Monday at his
home on the Fairfield rd., following
three years' illness.

Born in Polk county, Nebraska,
Nov. 22, 1872, the son of William
and Elizabeth Lodge Adams, he
had been a resident of Lisbon and
vicinity practically all his life. A
former Center township trustee, he
had been a caretaker and farmer.
Mr. Adams was a lifelong mem-
ber of the Lisbon Christian church,
a trustee in the church at the time
of his death, and a former church
deacon.

He was a member of the Knights
of Pythias and F. O. E. lodges, and
the Lisbon grange.

His wife, Cora Johnson Adams,
and a son, Harold, died in 1931 and
1926, respectively.

Surviving are a son, Leland of R.
D. Lisbon; four grandchildren; and
two brothers, Burke Adams of Ek-
lun township and Ralph of Ek-
lun township.

Funeral service will be held at
2:30 p. m. Wednesday at the fam-
ily home in charge of Rev. Theo-
dore Cord, Christian church pastor.
Burial will be in the Lisbon cem-
etery. Friends may call at the home
on the Fairfield rd. this evening.

Will Back Russia Against
Nazis With Economic
Understanding

WASHINGTON, Aug. 5.—The
United States backed Russia against
Nazi Germany today with a formal
pledge of "all economic assistance
practicable"—an undertaking that
may bring fresh complications in
relations with Japan.

The assistance would be in mili-
tary supplies and implements of
defense, even though the Japanese
controlled press in recent weeks has
been printing veiled warnings
against the routing of such ship-
ments across the Pacific to the
Russian Siberian port of Vladiv-
ostok.

Use of Route Seen

Indications that such a route
would be used were seen in the
state department's announcement
that "favorable consideration" was
being given Russian requests for
the extension of available American
shipping facilities to expedite the
shipments.

The neutrality act combat zone
blocks off Soviet European ports to
American shipping.

The formal undertaking to supply
economic aid was set forth last
night in an exchange of diplomatic
notes connected with the renewal
of the annual Russo-American
trade agreement.

In its note the United States dis-
closed for the first time it already
was implementing earlier informal

Sprouse was pinned for awhile in
the car, which was demolished, the

CUPID'S BUSINESS
DROPS OFF IN JULY

LISBON, Aug. 5.—Dan Cupid's
activities showed a decrease for the
month of July when 148 licenses
were applied for, as compared with
203 for June.

However, licenses were not is-
sued to 16 of the couples applying,
which makes the number issued
less than the total of 142 for
July, 1940.

The decrease is said to be due to
the more rigid enforcement of the
five day law, which requires that
the couple make application five
days before the certificate can be
issued, unless good cause is shown.

SENATE KILLS
TAFT PLAN ON
ARMY SERVICE

Proposal To Limit "Over-
time" To Six Months
Is Rejected

PROVIDES TEST OF
F. D. R. OPPOSITION

House Agrees, Meanwhile,
To Compromise On 28-
Year-Old Registrants

(By Associated Press)
WASHINGTON, Aug. 5.—The
senate rejected today a proposal to
limit the service period of army
selectees to a maximum of six
months beyond the originally set
one-year term.

The proposal was offered by Sen-
ator Taft (R-Ohio) as a substitute
for pending administration legisla-
tion which would permit draftees
to be held in service for a maxi-
mum of one and a half years after
completing the one-year training
period.

When they were inducted last
year, selectees and national guard-
men were scheduled to serve only
one year. The army high command
recently urged indefinite extension
of that period.

Taft's proposal, which gave a
clear test of opposition strength
for modification of the pending ad-
ministration plan, would have per-
mitted the army to retain national
guardmen and reservists for not
more than one extra year. Regularly
enlisted men could not have been
retained beyond the termina-
tion of their enlistments.

Taft's plan also would have
authorized a regular standing army
of 800,000 men. He said these, plus
selectees, national guardmen and
reservists, would provide for a total
force of 2,000,000.

The house agreed, meanwhile, to
compromise legislation to defer
from military training any selectees
who were 28 years or older July 1,
or who become 28 years old or older
by any subsequent July 1 without
having been inducted.

All men now in training who are
28 or older would be released as
soon as possible and transferred to
a reserve component of the army.

The compromise must yet be
approved by the senate. It contained
no reference to labor or indus-
try, though the original senate
proposal provided for seizure of
plants where stoppages halted de-
fense production.

MAN, WIFE ARRESTED
ON TRAFFIC CHARGE

Seven motorists, including a man
and his wife, were arrested yester-
day by Salem state highway patrol-
men.

Ray Corbin of East Palestine
charged with permitting an un-
licensed driver to operate a car,
pleaded not guilty last night be-
fore Mayor Norman Phillips. Trial
was set for Thursday.

His wife, Edna, charged with fail-
ure to have a driver's license, plead-
ed guilty and was fined \$25 and
costs.

Willie Rewis of Beaver Falls, Pa.,
charged with reckless driving in
connection with a Route 62 accident
Sunday, was fined \$25 and costs by
the mayor.

Others fined by Mayor Phillips
were: William Nichols of Warren,
speeding, \$10 and costs; Delford J.
Ompucker of Canton, reckless driv-
ing, \$25 and costs; Harry L.
Strait of Robertsville, speeding, \$10
and costs; Roy Swartzentruber of
Beaver Falls, speeding, \$10 and
costs.

Temperate Living Is Urged
By Salem Woman, Near 95

Mrs. Maria Sproat Fears For Longevity Of Younger
Folks; "They Try To Do Too Much"

Temperate living is probably the
best way to live long, in the opin-
ion of Mrs. Maria Sproat, of 373 N.
Broadway, who will observe her 95th
birthday anniversary Oct. 5.

"I attribute my long life to this
fact," she said, "and the fact that
when I was younger I always took
a nap in the afternoon."

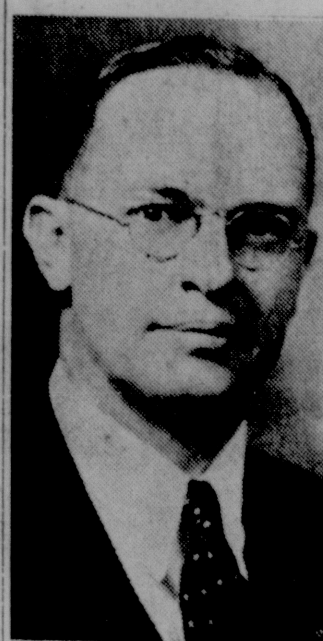

"That's the trouble with the
younger generation," continued the
spry oldster. "They try to live more
of a strenuous life. They won't last
as long as I do. They try to do too
much."

"We just went to school and to
church, but people nowadays have
to do something all the time. They
just can't be quiet."

Mrs. Sproat, widow of Jesse M.
Sproat, has lived in Salem for over
50 years.

Asked if she recalled any Civil
war experiences, she told of the
fear in North Benton when Mor-
gan's raiders were on the prowl.

Merely "Training Cruise"
Says Navy As Orient
Tension Grows

(By Associated Press)
UNITED STATES warships have ar-
rived in Australia on a "training
cruise," the navy department an-
nounced today, even as tension in
the Orient heightened over the re-
ported massing of Japanese troops
at Russia's back door and the con-
tinuance of Japanese pressure on
little Thailand.

Without reference to the Far
East crisis, the navy said the U. S.
heavy cruisers Northampton and
Salt Lake City had arrived at
Brisbane "for refueling and sev-
eral days' recreation" for the ships'
crews on a cruise to the South Pa-
cific ocean.

Don't Deny Pressure

Reports from Bangkok, Thailand,
said Thai officials would not deny
that Japan was applying pressure
for the granting of certain de-
mands and that Thailand was fac-
ing a momentous decision in her
relations with Japan, Britain and
the United States.

London reports have said the
Japanese were demanding air bases
in Thailand, within 400 miles
striking distance of Britain's great
cittadel of Singapore.

The Japanese newspaper Koku-
min by contrast, asserted that
Thailand was "under merciless
pressure" by the United States and
Britain.

A Japanese army spokesman ad-
mitted today that Japanese and
Russian troops had clashed near
the Manchukuo-Siberia frontier,
while authoritative quarters in Lon-
don reported that Japan had "sub-
stantially" reinforced her Man-
chukuo garrison of a quarter mil-
lion men.

Dispatches from Shanghai said
the Yellow sea port of Dairen,
point of entry to Manchukuo, was
swarming with Japanese troops,
horses and artillery, and that large
quantities of munitions and other
supplies were constantly moving
through the streets.

Manchukuo Is Goal

Foreigners reaching Shanghai
said they took it for granted the
Japanese forces and equipment
would be moved into Manchukuo
to reinforce garrisons along the Si-
berian frontier.

With Washington-Tokyo rela-
tions increasingly tense, all Ja-
panese ships had left U. S. Pacific
coast ports today and reports
from the Far East indicated that

FORMER U. S. SHIP
"KILLS" NAZI SUB

(By Associated Press)
LONDON, Aug. 5.—The sur-
render of a German submarine
to H. M. S. Broadway, formerly
the U. S. S. Hunt, one of the 30
United States destroyers trans-
ferred to Britain last Septem-
ber, was disclosed today with
the announcement of celebra-
tions awarded to officers and
crew.

An authoritative account of the
surrender said the U-boat
was detected by the Corvette
Aurelia, which, with the Broad-
way and other warships, was
escorting a merchant convoy in
the Atlantic.

The corvette released depth
charges, this account said, while
the Broadway and the destroyer
Bulldog followed up the attack.

The submarine came to the
surface and the Broadway
which was nearest, opened fire
and prepared to ram it.

The crew then came tumbling
out of the conning tower "with
their hands held up in sur-
render," it was said.

Hospital Here

Francis Dudgeon, 39, of Collins, O.,
died at 9:40 a. m. today in Salem
City hospital of injuries suffered
in a truck-train collision near East
Palestine July 30.

The body, now at the Arbrough-
Pearce funeral home, will be taken
to Collins for services.

Dudgeon was injured when the
Red Star Transit Co. truck he was
operating on Route 14, just east of
East Palestine, was involved in a
collision with the train which was
shifting box cars on a siding.

Dudgeon received a fractured
pelvis and broken leg and other in-
juries. The truck, at the time of
the accident, was traveling west
toward East Palestine. The train
was in charge of Engineer Matthew
W. Flaherty, 44, of Crestline, state
highway patrolman said.

The victim, in the hospital, said
the train hit his truck.

Mr. Dudgeon was born in Knox
county May 10, 1902, the son of Har-
ry W. and Cora Dudgeon.

He leaves his wife, Ilo and his
father.

Warren Pettit, seven-year-old son
of Mr. and Mrs. Ronald Pettit, Sr.,
of New Cumberland, W. Va., was
drowned at 7:30 p. m. Monday in
nearby Yellow creek.

He and his mother were wading
in the creek when Ronald, standing
on a ledge, accidentally slipped and
fell into the water. He failed to
come to the surface.

The mother screamed and at-
tracted a group of fishermen who
recovered the body 40 minutes
later. Wellsville firemen were un-
able to revive the boy.

The boy and his mother had been
visiting in Toronto and came to
this vicinity for a picnic.

Ask Incorporation

LISBON, Aug. 5.—County com-
missioners took under advisement
today the petition of 36 residents
of Summitville that the village be
allowed to incorporate.

A group of Franklin township
residents was present at the hear-
ing to protest the plan. They
charged with the incorporation of
the village would mean a loss of
operating revenue to the township
as a whole.

The commissioners said they
would return a decision within 30
days.

EARLY APPOINTED
LUDWIG SUCCESSOR

Gordon Named Grid Assist-

Leave High School

The resignation of several teach-
ers, including Harold M. Williams,
Salem High school principal, and
the appointment of new instructors,
marked an unusually active meet-
ing of the board of education Mon-
day night.

Board members approved Supt.
E. S. Kerr's appointment of Beman
G. Ludwig, Junior High school
principal, as Williams' successor at
the High school, and the appoint-
ment of Loren D. Early of the High
school faculty as Junior High
principal.

Another appointment was that
of Frank (Toughie) Gordon, Junior
High school physical education in-
structor, as first assistant to Ray-
mond Overturf, new High school
football coach.

Dean of Boys Resigns
Announcement of the resignation
of Lewis F. Smith, dean of boys
at the High school, was made of-
ficially by Supt. Kerr. No selection
of a dean of boys was made last
night although candidates are be-
ing considered.

Another resignation was that of
Miss Hazel Douglas, senior math-
ematics instructor who has been a
teacher at the High school for 28
years.

Williams, who has been with the
Salem public schools for 14 years,
five years as High school principal,
has resigned to accept a similar
position at the Hays Junior High
school in Youngstown, it was an-
nounced.

Ludwig, who will take over the
High school post immediately,
came to Salem as Junior High prin-
cipal in 1936, succeeding Williams
who at that time was promoted
to the High school.

Principal Ludwig, a graduate of
Marietta college, received his Mas-
ter's degree from Ohio State uni-
versity. He is working toward his
Doctor of Philosophy degree. He
held principalships at Martins
Ferry and East Liverpool before
coming to Salem.

Williams, like Ludwig, received
his M. A. degree from Ohio State
and is working toward his Ph. D.
degree. He was graduated from
Ohio Wesleyan in 1927.

Supt. Kerr, expressing regret at
the loss of Mr. Williams, said "He
is an able school administrator who
works hard and faithfully at his
task. He has a sound philosophy of
education and is consistent with
that philosophy. He is a good or-
ganizer under whom Salem High
school made notable advances."

brought the superintendent's praise.

NOTHING NEW ABOUT BLITZING

The novelty of Germany's mechanized warfare is more apparent than real. In the Russian campaign, there have been occasional reports of the stalled and floundering Nazi attackers digging in, suggesting that except for the greater speed of modern attack nothing has happened to make trench warfare impossible.

In World War I, Germany's initial advantage was won by the speed and precision of its attack. When the initial advantage of the offense was discounted finally by the stubbornness of the defense and development of the means of counter-attack, Germany was reduced to fighting on more or less equal terms. It lacked further ability to surprise the enemy.

All aggressors have dreamed of a means of attack so revolutionary that no defense could be built to stop it. In the current war, Germany's success can be attributed to the fact it has been able to maintain a lopsided advantage. Against Russia, possessor of a large, mechanized army, its advantage was greatly reduced. Against Great Britain, as far as aerial warfare is concerned, there are signs that its advantage has been overcome.

Pyrrhus, who won the famously costly victory that inspired him to say, "One more victory like this and we are lost," had a version of the blitz attack that was just as deadly in his time as the panzer divisions. He used elephants, instead of tanks, and probably in that day an elephant was relatively more formidable, because it could not be resisted at long range by gunfire but had to be encountered by foot soldiers in direct combat.

War is a process of living and learning. Germany's reputation as a warrior nation has been built on the stubborn refusal of its opponents to learn. Forgetting the lightning attack that bogged down into trench warfare in World War I, they were prepared only to offer a static defense to Germany's next attack. The Russians, with the lesson before them, apparently decided to do the thing better—and they have been getting better results. The blitz is a limited strategy; when its momentum is exhausted unless the opposition is exhausted, too, there is the same possibility of stalemate that always has been the nemesis of the aggressor.

MEXICO OBJECTS TOO

There's nothing remarkable about Acting Secretary of State Welles slapping a hot poultice on Germany for advising Mexico what to do, but something quite remarkable about Mexico doing the same thing.

The United States belatedly has been cultivating its own back yard, instead of leaving it to the under-mercy of whatever woods might spring up in it uninvited.

It has been dealing with Pan-American relations as something a little more serious than pious relations about brotherly love. On July 17 it rolled up its sleeves, so to speak, and published a blacklist of 1,833 Latin American firms "deemed to be acting for the benefit of Germany or Italy or nationals of these countries." Further United States business with these firms was prohibited.

The Germans objected to this and invited Mexico to make a complaint. It is one of the few times on record that anything has been done in the name of Pan-Americanism sufficiently drastic to produce a squawk from abroad—one of the few times that the United States hasn't had to wonder which way Mexico was going to jump. There's hope for Pan-Americanism yet if it can make the Nazis sore and bring at least two American sovereignities into agreement on something more important than a fluttering generality.

A DATE FOR AUTUMN

Prime Minister Churchill's choice of Sept. 1 as the date for attaining Britain's finest fighting edge puts the calendar back into the war again. A year ago, when the British were awaiting invasion, the prospect always was related closely to a fixed day in the future. Sept. 1 was mentioned then, too.

This happens, of course, because of the relationship between weather and tides. Britain's assumption is that Germany will choose a time of high tide and calm weather together with a favorable ratio of darkness to daylight for its attempt. A year ago, the probabilities favored dates as early as the middle of August and as late as early October. This year, an August date apparently is ruled out because of the likelihood that the Russian campaign will make an early invasion attempt impossible.

The significant point in Great Britain's speculation about autumn activity is, of course, the fact that it is confined entirely to the prospect of defense. The British expect to be ready by Sept. 1, to resist to the fullest extent of their ability, as it has been increased through United States aid. Except for their bombing raids, they are in no sense prepared to make Germany worry about a counter-threat of invasion. Their hope is that by repelling invasion of their own island, they will be able to bring about the disintegration of a military machine which must win that last climactic battle before it can win the war.

HM AND AGAIN HM

With all the cool practicality of a first class general, Business Week says if Germany falls there will be "political complications." Great Britain then, it suggests, might move an expeditionary force to the continent to stave off Russia, and an American army might not be far behind.

There is merit in the frankness of this point of view, which recognizes that the fundamental issue of Europe is whether or not any one country shall get into position to lord it over the others, but not much foresight. To defeat Germany, Russia would have to exhaust itself.

In all probability, Germany will exhaust itself in

the attempt to defeat Russia and Great Britain. Great Britain, in turn, will exhaust itself in the attempt to keep from being defeated. In short, no nation has a ghost of a chance to survive this war with enough strength left to lick a sick cat.

The United States, in all probability, will be recognized then for holding in theory what it has held in fact since 1914—the balance of power, which is also an observation that can be made with the cool practicality of a general. If only of armchair rank.

THE STARS SAY:

For Wednesday, August 6

EVENTS of a sudden and surprising turn, that might be considered radical or revolutionary in their denouements, are forecast by the interesting chain of planetary configurations. This force may descend with drastic precipitancy after a long siege of stagnant or crystallized conditions, and might prove an uprooting factor of far reaching influence on the future and its security. Its fortune and position. Lands, possessions, work, investments and plans may be stabilized, with the insight and executive ability to grasp the unusual openings for new and daring but enduring ventures. Be wise with funds and with writings.

If It Is Your Birthday

Those whose birthday it is are assured of a year of splendid opportunity for placing their future, its fortunes, its success and happiness, upon a sound, stable and enduring basis. Such opportunity is likely to be precipitated with breath-taking suddenness, and cause no little surprise. Out of the skies may come uncommon rewards for labor and steadfastness. Investments and possessions may increase, unique talents and techniques may be recognized and find promotion funds, with elders and established institutions assisting to sound objectives. The mind and finer faculties should be keen to grasp these unforeseen openings. But exercise some little prudence with funds and nervous energies and with writings and agreements; don't be carried away by over-expansive ideas.

A child born on this day should be bounteously endowed with talents, qualities and higher faculties, or intuition, to make for itself a firm and fortunate foundation in life. It will have originality, independence, industry, perhaps a unique and adventurous form of creative expression.

Reds Use Land Mines to Halt Nazi Blitz

Radiophoto

According to the Soviet-approved caption, this photo shows Red troops counter-attacking under the protection of land mines which can be seen exploding on their exposed right flank. These troops, according to the Russians, are among those which have seriously slowed up the Nazi drive. Photo was radioed from Moscow to New York.

INSECTS WAR ON HUMAN RACE

Develop Immunity To Common Insecticides

By LOGAN CLENDENING, M. D.

My old friend, Dr. Adrian Gibbs, has been very much interested in the reports in the scientific journals concerning the latest weapons in the war on insects. What particularly delighted him was the investigation which seemed to in-

Dr. Clendening will answer questions of general interest only, and then only through his column.

dicates that the insects have developed an immunity to chemical insecticides.

"We can no longer kill them with bug powder," chuckled the doctor. "Wonderful little creatures—representatives of the eternal vitality—the eternal boiling of new life. When an ant army gets wiped out, they don't publish any newspapers, or make radio speeches, they simply get to work and produce a new army, all fully trained the minute they are born."

Do Their Best To Annoy

Dr. Gibbs has never fully subscribed to the idea prevalent in baccalaureate sermons and commencement addresses that this is the age of man; he thinks it is a toss-up whether this will be known as the age of man or the age of insects. He is inclined to believe that the nervous ganglia of the insects, although they are not exactly brains, are better than brains.

Of course, there is a medical question involved, because the insects are doing everything they can to interfere with food production for man also to convey disease to man and annoy him in other ways.

Insects Versus Man

In this World War of insects versus man, scientists have now turned from chemical warfare to bacterial warfare, and on many fronts it has been found that certain bacteria will kill off invading

insects deleterious to vegetation.

An example of this is the work of the Department of Agriculture with the germ which kills off the grubs of the Japanese beetle. The Japanese beetle was brought from Japan on a shipment of ornamental shrubs in 1916 to found in the United States, a far better field for its activities than in Japan because the grub of the Jap beetle has to grow in untillied soil and there is scarcely a square yard of untillied soil in Japan.

Working To Check Beetles

The United States Agricultural experts worked on sprays, powders, and quarantine methods to check the beetle's spread, but in spite of these methods the beetle has implanted itself all along the Atlantic seashore from Chesapeake Bay to Long Island Sound. Now, having called in a germ, it is possible the Jap beetle menace in the United States will be wiped out.

Perhaps we will find lethal germs also for bedbugs, fleas, lice, woodticks, mosquitoes and flies, and others of our enemies, but not until this war is over. The world is too busy fighting men to have time for the battle of insects.

QUESTIONS AND ANSWERS

N. G. H.: "Will you please tell me if laundry starch is harmful if eaten daily?"

Answer: Laundry starch has the same nutritional quality as other starch. The only harm I can see in it is that it debauches the taste.

J. R.: "Calamine lotion is used for poison ivy. Can it be used for acne, pimples, etc.?"

Answer: Calamine is a soothing preparation and has no action in killing the germs of acne and pimples. A better preparation is ointment of ammoniated mercury.

EDITOR'S NOTE: Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

Birds of a Feather

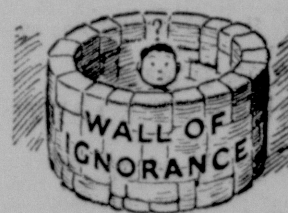

CAZADERO, Calif.—A flock of white ducks that long has made its headquarters in Austin creek has two methods of building up its numbers. Their facility for picking up additional members seems to indicate that "white ducks flock together."

Why Babies can't VOTE!

Six-year-olds lack judgment; they can't READ. We'd end up with free lollipops and laws against spinach, maybe, if they were given the ballot!

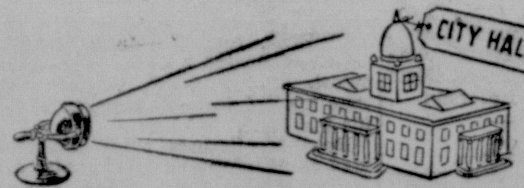

BUT THESE SAME SIX-YEAR-OLDS, fifteen years from now, will be able to take their places as EQUALS of the rest of us at the polls. And SAFELY, too.

told them fairy stories, taught them to "heal" and to believe in their own weakness and to believe in the omnipotence of a dictator.

And suppose they were never taught to judge VALUES, nor how to pick and choose what they wanted to buy.

Would they be able to govern and care for themselves then—JUST BECAUSE THEY WERE GROWN UP?

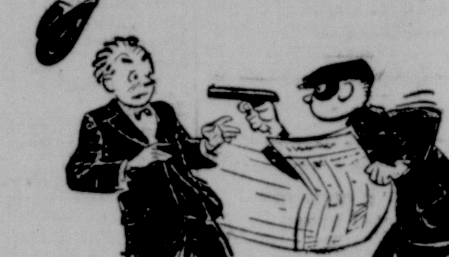

How do YOU know how to vote? Who brings YOU the good and the bad reports of your public servants?

How do you know when to write your congressman and when to attend a public meeting where some law that affects you is at issue?

Furthermore, how is it that you know better than to spend all your money on lollipops? How do you learn of bargains, of new products, better things to buy?

If you were robbed of your NEWS-PAPERS, or if your newspapers were forced to feed you only the lies and the propaganda of a "leader," you'd

be as helpless as a baby and no more able to govern yourself! And if there were no newspaper advertising—no way in which merchants could compete OPENLY and FREELY for your patronage, you'd find yourself hopelessly lost in the market place.

Thus, between you and the helplessness of a babe or the helplessness of ignorance is this very KEY to democracy you are now reading—your newspaper.

Over 320 of America's leading newspapers are carrying this message today to their 10 million subscribers. Newspaper Publishers Committee, 420 Lexington Avenue, New York.

Four Couples Honored By Church Group

Mr. and Mrs. Gordon Allen and Mr. and Mrs. Edgar Wilson of the Beechwood rd. held a covered dinner recently at their home for 30 young people of the First Friends church.

Following the dinner the group enjoyed a program at the church. The affair was planned to honor four recently married couples. The program, in charge of Clarence Kimes, Jr., who presented gifts to the couples, included: Prayer led by Homer Ellyson; vocal duet, Mr. and Mrs. Clarence Townsend of Letonia; reading, Miss Mary Walker; chalk talk, Herman Stratton.

The couples who were honored are: Mr. and Mrs. Raymond Sprowl (the former Miss Clara Mae Rich); Mr. and Mrs. William Schaeffer (Miss Jane Gilbert); Mr. and Mrs. Charles Lee, Jr. of Youngstown; Miss Juanita Whinnery; Mr. and Mrs. Joseph Starbuck (Miss Ruby Lee Hayes of Akron).

Mrs. George Kyle Is Hostess

Mrs. George Kyle was hostess at her home on the Damascus rd. last night to members of the Cortland, O. O. E. S. Past Matrons club, of which she was a member when she made her home in Cortland.

A business meeting was followed by bridge. Winners who received prizes were Mrs. John Townsend and Mrs. James Morrow of Cortland.

A business meeting was followed by bridge. Winners who received prizes were Mrs. John Townsend and Mrs. James Morrow of Cortland. Refreshments were served after the cards. The table, attractively arranged with centerpiece of rose colored button zinnias, was lighted by green candles and held small individual teapots as favors.

Newlyweds Honored At Garden Party

A garden party was given last night at the home of Mr. and Mrs. William Stayton, Damascus rd., honoring their daughter and husband, Mr. and Mrs. John McCarty, who were married July 19. The bride is the former Miss Margaret Stayton.

The evening was spent informally and lunch was served. The 42 guests from Salem, Damascus, Canfield, Ellsworth, Washingtonville and Millville presented the couple a shower of miscellaneous gifts.

Designed for Early Fall Wear

Screen Player Peggy Diggins wears this new outfit designed for fall wear. The dress is of flat-surfaced black crepe. Especially interesting is the cut of the jacket. The hat worn by Miss Diggins is an off-the-face model in black felt. She carries bag and gloves of antelope.

Today's Pattern

SMART SLIMMING SHIRT-DRESS

The tailored shirtwaister is ageless... timeless... limitless in its wear-everywhere style. Anne Adams presents an especially becoming shirtwaister made for matrons in Pattern 4867. Every line is planned for youthful flattery. The bodice, cut with roomy ease, is darted at the shoulders and above the waist. You'll like the novel shape of the notched collar with its squared edges. And there's more fashion news interest in the buckled belt, softened by perky pointed tab ends. Two front skirt panels lend slim, graceful lines to your figure. Have short, three-quarter or long sleeves. A shantung or a smart spun rayon are nice fabric suggestions for this quick-to-stitch, useful frock.

Pattern 4867 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 1/2 yards 35 inch fabric.

100 Wheat Growers Protest AAA Quotas

HARRISBURG, Pa., Aug. 5.—More than 100 wheat growers claiming to represent 400,000 of Pennsylvania's 907,000 wheat acreage are forming a statewide organization to fight a spokesman termed "federal regimentation of agriculture."
Strenuously opposing the Agricultural Adjustment Administration wheat quota system put into effect for the first time this year, the farmers last night also went on record against "all government interference with agriculture in this state," announced Chairman Audley Boak, former master of the Pennsylvania grain.

Boak, who named an executive committee to arrange a statewide gathering of growers within the next 10 days, said any modifications in the quota plan would not alter the group's purpose of "opposing the regimentation of agriculture."
Pennsylvania growers voted against the plan in the national referendum last May. The national vote, however, favored the limited production system setting the amount of wheat to be grown and banning sale of any grain without permission of county AAA committees.

Boak said 13,000 farmers in the state grow wheat but only 5,500 took part in the referendum. He added the quota plan was put into effect after the growers planted their wheat and that it was therefore unfair.
Opposition to the quota plan also has developed in the midwest with protest groups being set up in at least two states. One Indiana group, incorporated yesterday, opposes the entire AAA program.

\$76,000 STOLEN FROM MESSENGERS
STROUDSBURG, Pa., Aug. 5.—Four gunmen held up two employees of the Stroudsburg First National bank on a local street today and robbed them of a bag that state police said contained approximately \$76,000 in old bills. The four escaped in a black sedan.

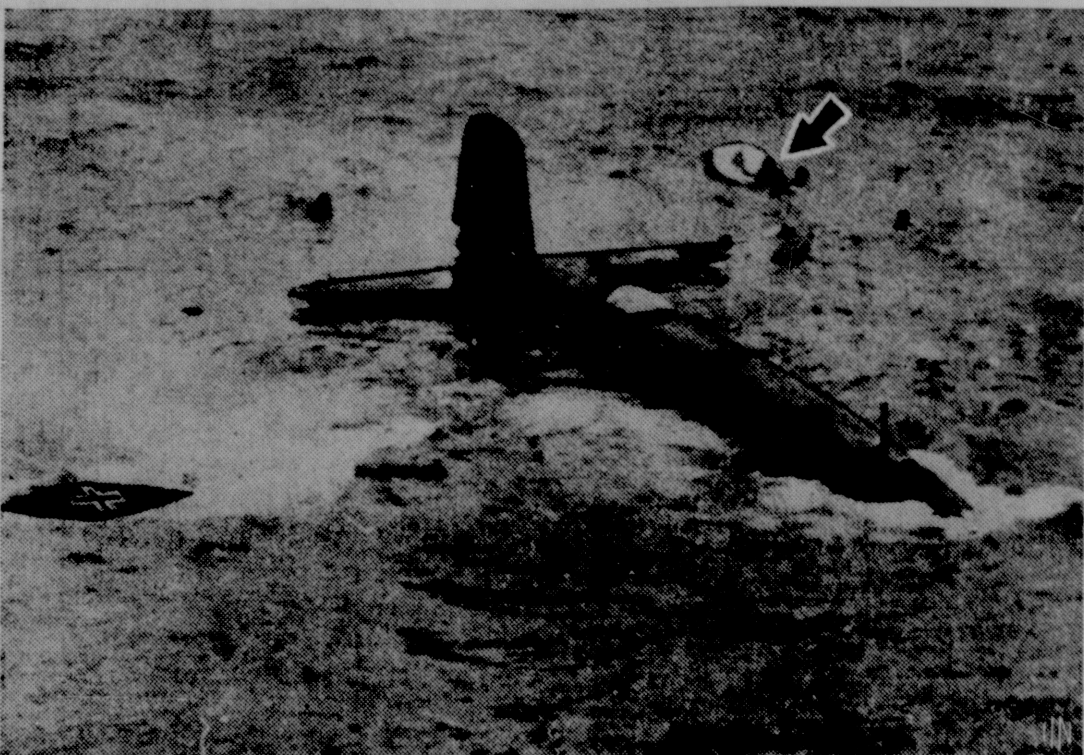

The money was being taken from the bank to the post office, 75 yards away, for return to the Federal Reserve bank in Philadelphia in exchange for new currency.

As Lewis Heiny and Ralph Rheinfeis, the bank messengers, hurried along the street, the gunmen drew up alongside in the sedan, jumped out, menaced the messengers with sub machine guns, grabbed the bag, and sped rapidly away.

\$2,800 Gold Found Buried
CLEVELAND, Aug. 5.—Buried beneath eight inches of concrete under a pile of coal in a basement bin, a cache of \$2,800 in gold was dug up by secret service agents here.

Mrs. Katherine Majewski, 62, who buried the gold in the home of friends while awaiting completion of her home, was allowed to exchange it for legal currency after paying \$474 to the city for relief she had collected, according to Frank T. Holliday, head of the secret service office.

Nazi Bomber Shot Down in Battle of Atlantic

This four-engine Nazi Focke-Wulf Kurier was about to attack a British convoy in the Atlantic when an American built Lockheed Hudson of the RAF coastal command came on the scene. At point-blank range, the British plane shot down the Nazi raider. Photo above shows the bomber's crew swimming to their dinghy (arrow). The downed fliers were saved.

ASSERTS COUNTRY FACES PRICE JUMP

Henderson Warns Of Great Possibility Of U. S. Inflation

(By Associated Press)
WASHINGTON, Aug. 5.—Leon Henderson, head of the office of price administration, told congress today that the nation faced the "strongest and most pronounced increase in the cost of living," even if the administration's price-control bill became law immediately.
Testifying before the house banking committee as the first witness on the measure, Henderson declared that even with the powers which the bill would confer, the government would have an "enormous load" in trying to prevent the country's "dynamic volatile economy" from entering an inflationary stage.

Uses Charts
Using a series of towering charts to illustrate his remarks, Henderson said the nation's price structure was "knocking at the door" of the 1929 levels and heading toward the 1919 peaks.

The bill would give the President broad power to establish ceilings over prices for virtually all commodities and for rents in defense areas.

It would not permit him, however, to regulate wages of utility rates and farm prices could not be fixed below 110 per cent of parity or below the market price of July 29, 1941.

The bill stipulates that the price levels of July 29, 1941, are those to which the President should give due consideration in establishing ceilings.

Even before the hearings opened, Republican members of the committee talked of drafting a complete substitute for the administration's bill.

Rep. Wolcott (R-Mich.) said the substitute should contain controls over private credit, which he contended was one of the basic sources of inflation. He said it also should provide for administration of the proposed law by a quasi-judicial board.

The administration measure would give the President power to designate any individual or agency to administer it.

Cites 50 Per Cent Jump
Henderson testified that since the outbreak of war 28 of the most important basic commodities had risen 50 per cent in price and were increasing at an even more rapid rate. This, he contended, was a complete justification of the request for regulatory legislation.

Those 28 basic commodities included several metals in which price rises had not been so pronounced, due, he added, to that nature of restraint agreed upon between the government and the producers.

Discussing the difficulties of controlling prices through voluntary agreements, the government's chief tool in the situation thus far, Henderson mentioned scrap steel dealers as presenting one of the most troublesome problems. Although he said much of the difficulty was due to the scattered nature of the business, Henderson testified that "with great reluctance" he had been forced to turn over to the justice department evidence of collusion on

ple don't get the most out of them. With cars, for instance, there is too much of this business of just running around. No wonder there are so many accidents.

"Movies could be made more useful—so much better than they are I saw only one—I can't remember where or when—and I liked it but I wouldn't care to see any more."

"I also think the radio is useful but it's not always fair or complete. I have a feeling they don't always tell you everything. I listen occasionally but I know it would annoy me if I listened too much."

"In spite of all these things, I don't know that the world is any better," she said. "This liquor business is a curse to the nation, it seems to me."

"I feel good," she says, "and I can eat practically anything. But when God calls, I'm ready to go."

Trucks To Cross Ohio

CLEVELAND, Aug. 5.—The rumble of convoys will be heard through northern Ohio the next three days as the army begins transferring more than 500 newly-made 2 1/2 ton trucks and 16 ambulances from Indiana and Michigan to Pine Camp, N. Y.

Besides the marsh, which lies in Hardin county west of Kenton, the delegates to the Vegetable Growers' convention inspected the state experimental muck farm at McGuffey. There they saw 2,000 varieties of potatoes, a mint still and projects testing fertilizer, irrigation and insect and disease control.

Returning to their sessions here tomorrow, they will look into greenhouse tomato research at Ohio State university, which has grown 40 varieties of the fruit, and the use of chemicals for stimulating tomato fruitfulness.

A warning to purchase seed only from reputable seedmen was given the convention yesterday by C. H. McIntyre of the Ohio division of plant industry. He said that shortages of imported seeds may cause some dealers to market old seed of poor germination capacity or to substitute seed of questionable purity.

RAILROADS SPURN DEMAND FOR WAGES
(By Associated Press)
CHICAGO, Aug. 5.—The railroad unions' demands for wage increases were rejected today by representatives of rail management.

The carriers' representatives asserted at today's negotiation session that railroads would be unable to pay the proposed wage increases. Spokesmen for the managements had figured that all wage increases, if granted, would add \$900,000,000 a year to operating costs.

The five operating unions, representing trainmen, engineers, firemen, conductors, and switchmen, asked for a 30 per cent increase for 350,000 unionists.

Fourteen non-operating brotherhoods, representing telegraphers, machinists, and similar employees, demanded wage increases of 30 to 34 cents an hour for about 800,000 workers.

CHANGES HINTED IN NEW TAX BILL

Legislators Study Defense Measure Adopted By House

(Continued from Page 1)

the fundamentals of the excess profits tax plan approved by the house.

The base-broadening mentioned by George would be in line with President Roosevelt's views, for the chief executive told the ways and means committee he thought the exemptions for single persons should be reduced from \$800 to \$750 and those for married persons from \$2,000 to \$1,500. Mr. Roosevelt asserted that persons in those income groups were eager to "chip in directly" to help the defense program.

Would Triple Taxes
As it passed the house yesterday, the bill would virtually triple the taxes of persons in the lower and middle income groups by levying a graduated system of surtaxes starting at five per cent on the first dollar of taxable income and ranging up to 75 per cent (the present maximum) on incomes of \$5,000,000 and over.

These surtaxes would be in addition to the present normal income tax rate of four per cent, which was continued. But even at that, a married man earning \$2,500 and having no dependents would pay \$38.50 under the new plan compared with his present tax of \$11.

The new yield from individual income taxes were expected to be in the neighborhood of \$829,000,000. Approximately \$1,322,900,000 would be raised from corporations through surtaxes, stiffer excess profits taxes and a drastically revised method of computing them. Surtaxes would start at five per cent on profits up to \$25,000 and rise to six per cent on any amount in excess of that. Excess profits tax rates which now range from 25 to 50 per cent would be boosted to run from 35 to 60 per cent.

METHODIST GROUP MEETS
LAKESIDE, Aug. 5.—A week-long institute for the Mansfield and Norwalk districts of the Methodist church opened yesterday with 329 registered in the senior high school group and 55 for the post-high school sessions. no more vessels flying the flag of the Rising Sun would be seen in American ports for some time.

Premier Prince Fumimaro Konove's government announced a doubling of present war-risk rates in marine insurance, effective Aug. 8, because of increasing dangers to shipping.

In Washington, Secretary of State Cordell Hull said yesterday that immediate consideration would be given to the problem of removal of Americans from the Orient. More than 600 United States citizens were stranded in Japan alone when the Tokyo government suddenly cancelled the departure of Japanese vessels for the United States.

Lieut.-Col. Kunio Akiyama, official spokesman for the Japanese forces in China, deprecated the clash between Japanese and Russian troops, asserting that neither government had protested the incident and that there had been frequent unimportant skirmishes along the frontier in recent years. Both sides, he said, had minimized them by tacit agreement.

Akiyama said the brush occurred about two weeks ago near Mandchouli, just inside western Manchoukou, when Soviet troops crossed the frontier and exchanged shots with the Japanese. One Japanese was wounded, he said, while Soviet casualties were unknown.

Mullins Edges SWOC 8-7 As Trades Class Upsets Driscolls, 6-4

FOUR-RUN RALLY IN LAST INNING SCUTTLES SWOC

Driscollwood Miscues Give Trades Class Infrquent Win

Bent on a repeat of their first round win, Mullins last night rallied in the last half of the seventh to score four runs and nose out the SWOC, 8-7.

Mullins' eight runs were made on an equal number of hits granted by Wright, but the losers could gather only seven runs from 10 hits allowed them by Ritchie and Guapone. The only extra-base hit by either side was a double driven out by Moffett for the SWOC.

Usually inept at the finer arts of the manly sport of softball, the Trades Class last night scored the first major upset of the final round by rising to their full height and beating down Driscollwood, 6-4. Holmes allowed the losers six hits but a like number of Driscollwood errors kept Phillips in trouble as he hurled a five-hit game. The game marked the first win in over ten encounters for the Trades Class.

Church League
The Baptists swamped the Christians, 10-2, as Ritchie allowed the losers only two safe hits in the only church league game played last night. King allowed five hits and drove out a home run as his contribution to the losers two-run total. The Presbyterians won on a forfeit from St. Paul.

Tonight the Presby will play the YPOC in a 9-inning game that begins at 6 and decides the postponed championship of the second round of church league. Fourth round play will begin on Thursday.

Fans Crowd Parks To See Feller And Joe DiMaggio

NEW YORK, Aug. 5.—The major league baseball circuit, if the American League turnstiles click at a more rapid rate this season than last, the moguls can thank two gentlemen by the names of Joe DiMaggio and Bobby Feller. DiMaggio's consecutive hitting streak of 56 games kept ticket sellers busy for the duration and Feller's rapid rate of victories continues to pull them in at the gates. Incidentally, latest dugout diversion is trying to figure just how many games over 30 Feller will win.

When it's covering ground around the keystone sector, the greatest second baseman of all time is still Frankie Frisch, now manager of the Pittsburgh Pirates. No other major league keyman ever handled more than 1,000 fielding chances in one season before or after Frisch set the all-time record of 1,037 with the St. Louis Cardinals in 1927. The American League record is Lajoie's 988 in 1908.

Cubs "In" Every 3 Years
The Chicago Cubs with the pennant every three years in the National League.

Breezy Briefs Of Sport From Brietz To You
BY EDDIE BRIETZ
NEW YORK, Aug. 5.—Billy Conn and his Mrs. left Hollywood for Pittsburgh yesterday.... Billy made a big hit out there.... Bob Olin, ex-light-heavyweight champion, is making more dough selling booze than he ever made in the ring.... Old fox Clark Griffith is pretty sure at the Minneapolis ball club for giving the Giants' first call on outfielder Babe Barna.... Down in San Juan, Puerto Rico, tomorrow Gertrude Ederle will celebrate her 15th anniversary of swimming the English channel.... Horace Stoneham's statement from Pittsburgh was just what everybody knew all along—that Bill Terry could stay with the Giants as long as he likes. Bill may not get along with everybody, but if there's a smarter manager in the majors he's willing to learn.

Today's Guest Star
Wirt Gammon, Chattanooga Times—"The Pittsburgh Pirates" or Frankie Frisch's new gas house garage—must have heard about the magic of the V.... Six weeks ago they were a comfortable seventh.... Now they are the hottest club in the National league."

Caught on the Fly
The grapevine says both the Giants and Yankees will go back to broadcasting games next season.... If you want to get ahead a good prospect for next year's Kentucky Derby, put a few bob on Soldier Song, a son of Man 'O War.... Cincinnati—one of the best towns in the country in this book—gets back in the fight running tomorrow night with Cleveland Brown meeting Sonny Brenz. Toddy Margolis is the promoter....

The Deck Is Stacked
Some folks say the Brooks will win the pennant race by yards; But I will take the Cardinals. Because it's in the cards.

Zines Hurls Club To Softball Finals

Johnny Zines, one of the leading Class A softball league hurlers, who divides his pitching efforts between two teams, the Recreations of the Salem circuit and the General Fireproofing club of Youngstown, last night hurled the latter team into the state softball finals at Toledo on Aug. 22-23-24.

Zines and his mates defeated the Golden Eagles of Youngstown, 9 to 1. The Salem lad gave up only one hit, a single by Dom Rossell in the sixth with two away.

An infield error put the first man on in the first inning and then Zines issued a walk. He fanned the next seven men in order.

EASY JOB FACES BROOKS AS CARDS MEET HARD FOES

Dodgers To Play Helpless Easterners, But Cards Tackle Toughies

The brash Brooklyn Dodgers are back home, hoping to fatten their pennant appetite on helpless eastern brethren, and everything is in their favor.

After floundering around the west for several days they managed to return with a four-game winning streak and last night they promptly made it five by overpowering the staggering New York Giants, 11-5.

From now until the western clubs start their final circuit of the east August 18 the Dodgers opposition will be the Giants, whom they have beaten seven out of 11; the Boston Braves, who have been their victims none out of 11; and the last-place Phillies, whom they have whipped in 11 out of 12.

The Dodgers are back in stride. Both Whitlow Wyatt and Kirby Higbe have become winning pitchers again. Dolph Camilli has regained his batting eye and the whole club has regained the drive which characterized it at the start of the season.

Cards Have Bigger Job
Meanwhile, the St. Louis Cardinals face a sterner task. They have to subdue the Pittsburgh Pirates, Cincinnati Reds and the Chicago Cubs, all of whom are striving to get back into the race.

Yesterday they cuffed the Cubs, 4-2, all right, but they lost the service of their keystone star, Frank (Creepy) Crespi, who was hit in the face by a line-drive during pregame practice. If he were lost for any length of time now it would be a hard blow.

They got along without him yesterday because Lefty Ernie White pitched seven-hit ball to gain his 13th victory, his sixth in 17 days. In the only other National league contest John Lanning held the Reds to three hits while the Pirates plowed to a 4-1 triumph.

The New York Yankees hit the winning trail again with a 7-5 decision over the last-place Washington Senators and a ninth-inning home run by Jimmie Fox decided a 7-5 struggle in favor of the Boston Red Sox over the Philadelphia Athletics in the only other major league game.

Dutch Meyer, the Tigers' rookie second baseman who has replaced Charley Gehring, played end on the same Texas A. & M. football team during the years when Sammy Baugh was setting new collegiate passing records with the aid of Meyer's efficient pass-catching.

Marius Russo has had the unique misfortune to hook up in pitching duels with Feller three times this season and has lost all three games, two of them by 2-1 scores.

NEW COACH TELLS GRIDDEERS OF FALL FOOTBALL PLANS

Will Use Double Wing Back Formation If Players Are Available

Approximately 50 candidates for the 1941 Salem High school football squad heard Coach Ray Overturf discuss the fall campaign at a meeting in the high school last night.

The new grid mentor asked that candidates keep training rules but said that force would not be used in making the students obey them. The results, he said, would show in their play and they would only be hurting their own chances on the team if they failed to keep in shape.

What, No Uniform!

CLEVELAND, Aug. 5—The Cleveland Indians, back from a disastrous eastern trip, make their first appearance before the home folks tonight in a rather apprehensive mood.

But Tribal fans, hardened over the years to mid-summer foldups, are expected to be more indifferent than hostile.

Four defeats in 11 starts along the seaboard dropped the Redskins 12 games behind New York and out of the race. They lead third-place Boston by 5 1/2 games.

At Smith, one of the club's winners of late and now sporting seven victories and seven defeats, will pitch against the invading Tigers. Big Buck Newsom drew the Detroit nomination.

The Bengals play here again tomorrow and Thursday. Idle on Friday the Indians tackle Chicago Saturday and Sunday and then swing through the west.

Bob Feller, baseball's leading pitcher, was called to a doctor's office today by his draft board for a preliminary physical examination.

If pronounced fit, the 22-year-old Cleveland ace will undergo a later test by army doctors before being inducted.

Selective service officials said there was little chance of the Iowan wearing a soldier's uniform before the end of the season. His board 30 number is 2,837 and less than 2,500 registrants have been classified.

War Saves Home

VANCOUVER, B. C.—Here's the best story to be turned in so far by a Vancouver war savings canvasser. The canvasser said a housewife bought war savings certificates with the comment, "I've been saving this money to divorce my husband, but I can stand him better than I can stand Hitler."

CLEVELAND, Aug. 5—The Cleveland Indians, back from a disastrous eastern trip, make their first appearance before the home folks tonight in a rather apprehensive mood.

But Tribal fans, hardened over the years to mid-summer foldups, are expected to be more indifferent than hostile.

Four defeats in 11 starts along the seaboard dropped the Redskins 12 games behind New York and out of the race. They lead third-place Boston by 5 1/2 games.

At Smith, one of the club's winners of late and now sporting seven victories and seven defeats, will pitch against the invading Tigers. Big Buck Newsom drew the Detroit nomination.

The Bengals play here again tomorrow and Thursday. Idle on Friday the Indians tackle Chicago Saturday and Sunday and then swing through the west.

Bob Feller, baseball's leading pitcher, was called to a doctor's office today by his draft board for a preliminary physical examination.

If pronounced fit, the 22-year-old Cleveland ace will undergo a later test by army doctors before being inducted.

Selective service officials said there was little chance of the Iowan wearing a soldier's uniform before the end of the season. His board 30 number is 2,837 and less than 2,500 registrants have been classified.

War Saves Home

VANCOUVER, B. C.—Here's the best story to be turned in so far by a Vancouver war savings canvasser. The canvasser said a housewife bought war savings certificates with the comment, "I've been saving this money to divorce my husband, but I can stand him better than I can stand Hitler."

LEOMINSTER, Mass.—When an auctioneer tipped up a chair offered for sale at the William Boyden estate, the cushion slid off—and so did \$180 in gold notes. The money was claimed by Joseph A. Lovering, estate administrator.

Benito Mussolini

Most recent photo of Benito Mussolini to reach the United States; this picture is an unusual one for the Duce, who customarily poses in uniform giving the Fascist salute or harranguing an audience. The Italian dictator is shown as he met members of a technical committee.

NAZIS CLAIM NEW DENT IN RED LINE

70-Mile Salient In System
Between Leningrad And
Moscow Announced

(By Associated Press)
German panzer forces have driven a new 70-mile-deep salient into the heart of the Soviet defense system between Moscow and Leningrad, the Russians acknowledged today, and Berlin reported that the 45-day-old conflict now had developed into two vast battles of annihilation.

Nazi military dispatches said the encirclement and destruction of large Red army forces south of Kiev, the Ukraine capital, was well under way and indicated that a clean-up in the bloody Smolensk sector, 230 miles west of Moscow, was in its final stages.

Adolf Hitler's field headquarters reported that Red army units attempting to smash their way out of a trap in the Ukraine had been "annihilated."

The communiqué also declared that in "a widening break through the region 100 kilometers (60 miles) southeast of Smolensk, a new enemy power group was partly annihilated and partly destroyed."

In the Far East crisis, meanwhile, American warships were revealed to have arrived in Brisbane, Australia.

A Soviet communiqué again spoke of heavy all-night fighting in the Bel Tserkov sector, 50 miles south of Kiev; in the Korosten sector, 80 miles northwest of Kiev; and in the Smolensk sector.

Instrument Loans Save Tool Plants

DETROIT, Aug. 5.—Toolmakers in two plants crippled by thefts of precision instruments went ahead on full defense production schedules today thanks to quick help from rival companies and private citizens.

Word of the thieves' work got around rapidly, and help came fast—from as far distant as Minneapolis.

Heavily engaged on defense work, the Majestic Tool and Manufacturing corporation and the Central Machine company were invaded early Sunday by thieves who stole several thousand dollars worth of micrometers, gauges, and other instruments.

A halt to production appeared inevitable. Then the help started coming in to grateful managements.

"Within a short time," said John W. Parker, president of the Majestic company, "we had enough instruments to continue our work on a full-time basis. Without them we would have been forced to shut down indefinitely."

"A long distance telephone call from Minneapolis offered a height gauge—an instrument almost impossible to obtain in less than three months."

"Others didn't bother to phone—they just walked in with the instruments they knew we had to have to keep the wheels in this shop turning," he said.

A postoffice employee offered the use of two micrometers.

The Majestic company employs 120 men, the Central Machine about 40.

Air Support Command Bosses

Col. Robert C. Candee (left) and Col. Asa N. Duncan (right) will head two of the five air support commands created by the army to coordinate activities of aviation and ground forces. The move is seen as a step toward giving the U. S. the type of land-air teamwork which is credited with success of Nazi blitzkrieg methods.

DEATHS

MRS. ROY WORKMAN

Funeral service was held Saturday at Gary Ind. for Mrs. Roy Workman, 35, the former Elizabeth Adams of Salem, who died Thursday in the Methodist hospital there.

promises of assistance by:

1—Giving urgent Soviet orders "priority assistance. . . Upon the principles applicable to the orders of countries struggling against aggression."

2—Granting unlimited licenses for the export of a wide variety of supplies needed "for the strengthening of the defense" of Russia; and

3—Exploring the possibility of using American ships to transport some of the supplies.

Stresses Importance

Constantine Oumansky, the Russian ambassador, told reporters that the understanding was "of serious importance because it extends to the Soviet Union in full your fixed policy of giving all assistance to countries struggling against aggression."

Officials emphasized that there was no question of lease-lend aid, because Russia was able to pay for its purchases here. The nature of the Soviet purchases here has been withheld on the ground that it would constitute military information. Similarly, there was no official word on whether the flow of material had started.

GOOD ROADS LEADER HITS VETO BY F. D. R.

COLUMBUS, O., Aug. 5.—President Roosevelt's veto of the defense highway appropriation act is a blow to highway improvement plans, Ohio congressmen were told today by Roland C. Caley, Ohio Good Roads federation executive secretary. Caley wired them asking their support if the measure is reconsidered.

The veto means, Caley said, "that millions of dollars worth of access roads and strategic highways required principally for non-civilian national defense purposes must be built from our regular highway funds which are already inadequate."

and an understanding of human nature which make him an asset to any school system," Mr. Kerr said. "In the role of dean of boys, his counsel and advice were highly acceptable."

Smith, who also served as athletic director, left Salem to go to a climate which would be more beneficial to his wife's health. An athletic head at the High school has not been named.

Referring to Miss Douglas, Supt. Kerr said: "She has taught mathematics at Salem High school for many years. She has been a faithful teacher who saw the important work at hand and at once set about the task of getting it done. Her accuracy and thoroughness caused her to be much appreciated by those who continued their education. Many college students came back to High school to visit Miss Douglas and to thank her for her fine work."

Loren Early, who will become Junior High school principal, is a graduate of Geneva college at Beaver Falls. He taught in the East Palestine public schools before coming here. He received his Master's degree in school administration from Columbia university in 1940. He has also served as tennis coach at the High school.

Ludwig will receive \$2,750 annually at his new position; Early, \$1,900; and Gordon, \$1,450.

Gordon to Aid Overturf

Supt. Kerr announced that Frank Gordon was Coach Overturf's selection as first assistant and that since Gordon had accepted he would be transferred to the High school from the Junior High. He served as assistant to former Coach Carl S. Schroeder last season.

Gordon, a graduate of Wittenberg college, has been in charge of health and physical education at the Junior High school since '37.

Supt. Kerr may have Herbert H. Brown, High school basketball coach, take over the mathematics classes heretofore taught by Miss Douglas.

Two new teachers and a former instructor also were employed last night by the board. They are W. C. Baker, who is returning to the Junior High school after a year's leave of absence; Miss Christina Robinson of Salem and J. Sidney Beechy of Holmesville.

Miss Robinson and Beechy are Kent State university graduates. The former has been teaching in Columbiana county rural schools. Beechy has been teaching in Holmes county schools.

Another board appointment last night was that of Russell Myers of Newgarden st. as janitor in the school system.

The First Central Trust Co. of Akron was declared low bidder on the school board's sale of \$17,643.18 School Foundation program refunding notes.

Board members voted to meet again Sept. 8 after schools open for the new term Sept. 4.

The school board approved the superintendent's certification to the state of a 180-day school term for the 1942-43 school year.

Because the Columbia Street school is more centrally situated, the special instruction class is being transferred there from the Prospect school building, it was announced.

TIMELY WARNING SAVES FIREMEN

CLEVELAND, Aug. 5.—Five firemen, battling a \$35,000 blaze at the McMullen & Son Cartage Co. warehouse were saved from possible death today by the timely warning of Battalion Fire Chief Michael F. Fallon.

Fallon, who saw the firemen atop a two-story brick annex spraying water on the fire in the main building, ordered them down as the flames broke through the roof beneath their feet. Down came firemen James Craven, John McFadden, Robert McNeely and William Andrews, all of Hose Co. No. 1. As their Lieutenant, August Kammerer, put his foot on the ladder to descend, the whole roof collapsed with a roar.

In all 50 firemen fought the blaze, which destroyed five trucks and between 500 and 600 iceless refrigerators and electric stoves. Origin of the fire was not determined immediately.
